CHEMED CORPORATION AND SUBSIDIARY COMPANIES

Notes to Unaudited Consolidated Financial Statements

1. Basis of Presentation

As used herein, the terms "We," "Company" and "Chemed" refer to Chemed Corporation or Chemed Corporation and its consolidated subsidiaries.

We have prepared the accompanying unaudited consolidated financial statements of Chemed in accordance with Rule 10-01 of SEC Regulation S-X. Consequently, we have omitted certain disclosures required under generally accepted accounting principles in the United States ("GAAP") for complete financial statements. The December 31, 2014 balance sheet data were derived from audited financial statements but do not include all disclosures required by GAAP. However, in our opinion, the financial statements presented herein contain all adjustments, consisting only of normal recurring adjustments, necessary to state fairly our financial position, results of operations and cash flows. These financial statements are prepared on the same basis as and should be read in conjunction with the audited Consolidated Financial Statements and related notes included in our Annual Report on Form 10-K for the year ended December 31, 2014.

2. Revenue Recognition

Both the VITAS segment and the Roto-Rooter segment recognize service revenues and sales when the earnings process has been completed. Generally, this occurs when services are provided or products are delivered. VITAS recognizes revenue at the estimated realizable amount due from third-party payers. Medicare payments are subject to certain limitations, as described below.

We actively monitor each of our hospice programs, by provider number, as to their specific admission, discharge rate and median length of stay data in an attempt to determine whether they are likely to exceed the annual per-beneficiary Medicare cap ("Medicare cap"). Should we determine that revenues for a program are likely to exceed the Medicare cap based on projected trends, we attempt to institute corrective action to influence the patient mix or to increase patient admissions. However, should we project our corrective action will not prevent that program from exceeding its Medicare cap, we estimate the amount of revenue recognized during the period that will require repayment to the Federal government under the Medicare cap and record the amount as a reduction to patient revenue.

During the second quarter of 2015, no Medicare cap was recorded.

During the first six months ended June 30, 2015, we recorded a \$165,000 Medicare cap reversal of amounts recorded in the fourth quarter of 2014 for one program's projected 2015 measurement period liability. The fourth quarter of 2014 was part of the 2015 Medicare cap year.

Shown below is the Medicare cap liability activity for the fiscal periods ended (in thousands):

	June 30,

Payments		(4,782)	(3,439)

Vitas provides charity care, in certain circumstances, to patients without charge when management of the hospice program determines, at the time services are performed, that the patient does not have the financial wherewithal to make payment. There is no revenue or associated accounts receivable in the accompanying consolidated financial statements related to charity care. The cost of charity care is calculated by taking the ratio of charity care days to total days of care and multiplying by total cost of care. The cost of charity care is as follows (in thousands):

We report corporate administrative expenses and unallocated investing and financing income and expense not directly related to either segment as "Corporate".

4. Earnings per Share

Earnings per share ("EPS") are computed using the weighted average number of shares of capital stock outstanding. Earnings and diluted earnings per share are computed as follows (in thousands, except per share data):

	Net Income						
For the Three Months Ended June 30,	Income		Shares		nings Share		
2015							
Earnings	\$	26,975	16,880	\$	1.60		
Dilutive stock options Nonvested stock awards		-	390 149				
Diluted earnings	\$	26,975	17,419	\$	1.55		
2014							
Earnings	\$	24,363	17,236	\$	1.41		
Dilutive stock options Nonvested stock awards Conversion of notes		- -	376 147 121				
Diluted earnings	\$	24,363	17,880	\$	1.36		

	Net Income							
For the Six Months Ended June 30,	Income		Shares	Earnings per Share				
2015								
Earnings	\$	51,512	16,872	\$	3.05			
Dilutive stock options		-	395					
Nonvested stock awards		-	152					
Diluted earnings	\$	51,512	17,419	\$	2.96			
2014								
Earnings	\$	44,937	17,374	\$	2.59			
Dilutive stock options		-	374					
Nonvested stock awards		-	147					
Conversion of Notes			202					
Diluted earnings	\$	44,937	18,097	\$	2.48			

For the three and six-month period ended June 30, 2015, 411,000 stock options were excluded from the computation of diluted earnings per share because they would have been anti-dilutive. For the three and six-month period ended June 30, 2014 no stock options were so excluded.

For the three and six-months of 2014 diluted earnings per share was impacted by the issuance of 249,000 shares of capital stock under the conversion feature of our 1.875% Senior Convertible Notes (the "Notes") on the May 15, 2014 maturity date. Assuming these shares were issued April 1, 2014 increases average diluted shares outstanding for the second quarter of 2014 by 121,000 shares. Similarly, the dilutive impact of this conversion feature for the first six months of 2014 was 202,000.

5. Long-Term Debt

On June 30, 2014, we replaced our existing credit agreement with the Third Amended and Restated Credit Agreement ("2014 Credit Agreement"). Terms of the 2014 Credit Agreement consist of a five-year, \$350 million revolving credit facility and a \$100 million term loan. The 2014 Credit Agreement has a floating interest rate that is currently LIBOR plus 113 basis points.

The debt outstanding as of June 30, 2015 consists of the following:

Revolver Term loan	\$	65,000 95,000
Total		160,000
Current portion of term and revolving loan		(7,500)
Long-term debt	\$	152,500
Scheduled principal payments of the term loan are as follows:		
2015	\$	3,750
2016		7,500
2017		8,750
2018		10,000
2019		65,000
	\$	95,000
	-8-	

The 2014 Credit Agreement contains the following quarterly financial covenants:

Description	Requirement
Leverage Ratio (Consolidated Indebtedness/Consolidated Adj. EBITDA)	< 3.50 to 1.00
Fixed Charge Coverage Ratio (Consolidated Free Cash Flow/Consolidated Fixed Charges)	>1.50 to 1.00
Annual Operating Lease Commitment	<\$50.0 million

We are in compliance with all debt covenants as of June 30, 2015. We have issued \$36.6 million in standby letters of credit as of June 30, 2015 for insurance purposes. Issued letters of credit reduce our available credit under the 2014 Credit Agreement. As of June 30, 2015, we have approximately \$248.4 million of unused lines of credit available and eligible to be drawn down under our revolving credit facility.

6. Other Income - Net

Other income -- net comprises the following (in thousands):

	Three months ended June 30,			S	June 30,

Other - net		15		96		(464)		78
Total other income - net	\$	536	\$	756	\$	1,099	\$	1,572

7. Stock-Based Compensation Plans

On May 18, 2015, the Compensation/Incentive Committee of the Board of Directors ("CIC") approved a grant of 32,550 shares of restricted stock to certain key employees. The restricted shares vest ratably over three years from the date of issuance. The cumulative compensation expense related to the restricted stock award is \$4.0 million and will be recognized over the three-year vesting period. We assumed no forfeitures in determining the cumulative compensation expense of the grant.

On February 20, 2015, the ("CIC") granted 10,761 Performance Stock Units ("PSUs") contingent upon the achievement of certain total shareholders return ("TSR") targets as compared to the TSR of a group of peer companies for the three-year period ending December 31, 2017, the date at which such awards vest. The cumulative compensation cost of the TSR-based PSU award to be recorded over the three year service period is \$1.5 million.

On February 20, 2015, the CIC also granted 10,761 PSUs contingent upon the achievement of certain earnings per share ("EPS") targets for the threeyear period ending December 31, 2017. At the end of each reporting period, the Company estimates the number of shares that it believes will ultimately be earned and records that expense over the service period of the award. We currently estimate the cumulative compensation cost of the EPS-based PSUs to be recorded over the three year service period is \$1.6 million.

8. Independent Contractor Operations

The Roto-Rooter segment sublicenses with 69 independent contractors to operate certain plumbing repair and drain cleaning businesses in lesserpopulated areas of the United States and Canada. We had notes receivable from our independent contractors as of June 30, 2015 totaling \$1.6 million (December 31, 2014 - \$1.6 million). In most cases these loans are fully or partially secured by equipment owned by the contractor. The interest rates on the loans range from 0% to 7% per annum and the remaining terms of the loans range from 2 months to 5 years at June 30, 2015. We recorded the following from our independent contractors (in thousands):

	Three months ended June 30,				Six months ended Ju			une 30,	
	2015		2014		2015		2014		
Revenues	\$	9,527	\$	9,190	\$	18,991	\$	18,213	
Pretax profits		5,661		5,235		11,218		10,395	

9. Retirement Plans

All of the Company's plans that provide retirement and similar benefits are defined contribution plans. These expenses include the impact of market gains and losses on assets held in deferred compensation plans. Expenses for the Company's pension and profit-sharing plans, excess benefit plans and other similar plans are as follows (in thousands):

 Three months	ended June 30,		Six months er	nded June 30,	
2015	2014		2015		2014
\$ 2,991	\$	3,324	\$ 7,178	\$	7,222

10. Legal and Regulatory Matters

The VITAS segment of the Company's business operates in a heavily-regulated industry. As a result, the Company is subjected to inquiries and investigations by various government agencies, as well as to lawsuits, including *qui tam* actions. The following sections describe the various ongoing material lawsuits and investigations of which the Company is currently aware. It is not possible at this time for us to estimate either the timing or outcome of any of those matters, or whether any potential loss, or range of potential losses, is probable or estimable.

Regulatory Matters and Litigation

In June 2011, the U.S. Attorney provided the Company with a partially unsealed *qui tam* complaint filed under seal in the U.S. District Court for the Western District of Texas, *United States, et al. ex rel. Urick v. VITAS HME Solutions, Inc. et al.*, 5:08-cv-0663 ("*Urick*"). The U.S. Attorney filed a notice in May 2012 stating that it had decided not to intervene in the case at that time but indicating that it continues to investigate the allegations. In June 2012, the complaint was unsealed. The complaint asserts violations of the federal False Claims Act and the Texas Medicaid Fraud Prevention Act based on allegations of a conspiracy to submit to Medicare and Medicaid false claims involving hospice services for ineligible patients, unnecessary medical supplies, failing to satisfy certain prerequisites for payment, and altering patient records, including backdating patient revocations. The suit was brought by Barbara Urick, a then registered nurse in VITAS's San Antonio program, against VITAS, certain of its affiliates, and several former VITAS employees, including physicians Justo Cisneros and Antonio Cavasos and nurses Sally Schwenk, Diane Anest, and Edith Reed. In September 2012 and July 2013, the plaintiff dismissed all claims against the individual defendants. The complaint was served on the VITAS entities on April 12, 2013.

Also in June 2011, the U.S. Attorney provided the Company with a partially unsealed *qui tam* complaint filed under seal in the U.S. District Court for the Northern District of Illinois, *United States, et al. ex rel. Spottiswood v. Chemed Corp.*, 1:07-cv-4566 ("*Spottiswood*"). In April 2012, the complaint was unsealed. The U.S. Attorney and Attorney General for the State of Illinois filed notices in April and May 2012, respectively, stating that they had decided not to intervene in the case at that time but indicating that they continue to investigate the allegations. Plaintiff filed an amended complaint in November 2012. The complaint asserts violations of the federal False Claims Act and the Illinois Whistleblower Reward and Protection Act based on allegations that VITAS fraudulently billed Medicare and Medicaid for providing unwarranted continuous care services. The suit was brought by Laura Spottiswood, a former part-time pool registered nurse at VITAS, against Chemed, VITAS, and a VITAS affiliate. The complaint was served on the defendants on April 12, 2013. On May 29 and June 4, 2013, respectively, the Court granted the government's motion to partially intervene in *Spottiswood* and in *Urick* on the allegations that VITAS submitted or caused to be submitted false or fraudulent claims for continuous care and routine home care on behalf of certain ineligible Medicare beneficiaries. The Court also transferred them to the U.S. District Court for the Western District of Missouri under docket Nos. 4:13-cv-505 and 4:13-cv-563, respectively.

On May 2, 2013, the government filed a False Claims Act complaint against the Company and certain of its hospice-related subsidiaries in the U.S. District Court for the Western District of Missouri, *United States v. VITAS Hospice Services, LLC, et al.*, No. 4:13-cv-00449-BCW (the "2013 Action"). Prior to that date, the Company received various subpoenas from the U.S. Department of Justice and OIG that have been previously disclosed. The 2013 Action alleges that, since at least 2002, VITAS, and since 2004, the Company, submitted or caused the submission of false claims to the Medicare program by (a) billing Medicare for continuous home care services when the patients were not eligible, the services were not provided, or the medical care was inappropriate, and (b) billing Medicare for patients who were not eligible for the Medicare hospice benefit because they did not have a life expectancy of six months or less if their illnesses ran their normal course. This complaint seeks treble damages, statutory penalties, and the costs of the action, plus interest. On August 1, 2013, the government filed its First Amended Complaint in the 2013 Action. The First Amended Complaint changed and supplemented some of the allegations, but did not otherwise expand the causes of action or the nature of the relief sought against VITAS. The defendants filed a motion to dismiss on September 24, 2013. The Court denied the motion, except to the extent that claims were filed before July 24, 2002, on September 30, 2014.

On May 6, 2013, the U.S. District Court for the Western District of Missouri, at the request of the government, unsealed a *qui tam* complaint against VITAS and VITAS Healthcare Corporation of California, *United States ex rel. Charles Gonzales v. VITAS Healthcare Corporation, et al.*, CV 12-0761-R ("*Gonzales*"). The case was transferred from the Central District of California to the Western District of Missouri under docket No. 4:13-cv-344. The government partially intervened in *Gonzales*. The *Gonzales* complaint alleges that VITAS' Los Angeles program falsely certified and recertified patients as eligible for the Medicare Hospice Benefit. It alleges violations of the False Claims Act and seeks treble damages, civil penalties, recovery of costs, attorneys' fees and expenses, and pre- and post-judgment interest.

On September 25, 2013, the Court granted a joint motion by the government, the relators, and VITAS to consolidate the *Spottiswood*, *Urick*, and *Gonzales* complaints with the 2013 Action. As a result, the First Amended Complaint will govern the consolidated federal claims brought by the United States and the relators for all purposes. The relators and VITAS have stipulated that certain non-intervened claims will not be pursued by the relators. The Spottiswood relator filed an action under the Illinois False Claims Act, *The State of Illinois ex rel. Laura Spottiswood v. Chemed Corporation*, et al., No. 14 L 2786 in the Circuit Court of Cook County, Illinois on March 6, 2014. The Court granted the parties' joint motion to place this case on its stay calendar, pending resolution of the 2013 Action.

VITAS has also received document subpoenas in related state matters. In February 2010, VITAS received a civil investigative demand ("CID") from the Texas Attorney General seeking documents from January 1, 2002 through the date of the CID, and interrogatory responses in connection with an investigation of possible fraudulent submission of Medicaid claims for non-qualifying patients and fraudulent shifting of costs from VITAS to the State of Texas and the United States. The CID requested similar information sought by prior Department of Justice subpoenas, including policy and procedure manuals and information concerning Medicare and Medicaid billing, patient statistics and sales and marketing practices, together with information concerning record-keeping and retention practices, and medical records concerning 117 patients. In September 2010, VITAS received a third CID from the Texas Attorney General seeking additional documents concerning business plans and results, revocation forms for certain patients, and electronic documents of 10 current and former employees. In July 2012, VITAS received an investigative subpoena from the Florida Attorney General seeking documents previously produced in the course of prior government investigations as well as, for the period January 1, 2007 through the date of production, billing records and procedures; information concerning business results, plans, and strategies; documents concerning patient eligibility for hospice care; and certain information concerning employees and their compensation.

The costs incurred related to U.S. v. Vitas and related regulatory matters were \$1.4 million and \$410,000 for the quarters ended June 30, 2015 and 2014, respectively. For the six months ended June 30, 2015 and 2014, the net costs were \$2.7 million and \$1.2 million respectively.

In November 2013, two shareholder derivative lawsuits were filed against the Company's current and former directors, as well as certain of its officers, both of which are covered by the Company's commercial insurance. On November 6, 2013, KBC Asset Management NV filed suit in the United States District Court for the District of Delaware, *KBC Asset Management NV, derivatively on behalf of Chemed Corp. v. McNamara, et al.*, No. 13 Civ. 1854 (LPS) (D. Del.). It sued Kevin McNamara, Joel Gemunder, Patrick Grace, Thomas Hutton, Walter Krebs, Andrea Lindell, Thomas Rice, Donald Saunders, Arthur Tucker, Jr., George Walsh III, Frank Wood, Timothy O'Toole, David Williams and Ernest Mrozek, together with the Company as nominal defendant. Plaintiff alleges that since at least 2004, Chemed, through VITAS, has submitted or caused the submission of false claims to Medicare. The suit alleges a claim for breach of fiduciary duty against the individual defendants, and seeks (a) a declaration that the individual defendants breached their fiduciary duties to the Company; (b) an order requiring those defendants to pay compensatory damages, restitution and exemplary damages, in unspecified amounts, to the Company; (c) an order directing the Company to implement new policies and procedures; and (d) costs and disbursements incurred in bringing the action, including attorneys' fees.

On November 14, 2013, Mildred A. North filed suit in the United States District Court for the Southern District of Ohio, *North, derivatively on behalf of Chemed Corp. v. Kevin McNamara, el al.*, No. 13 Civ. 833 (MDB) (S.D. Ohio). She sued Kevin McNamara, David Williams, Timothy O'Toole, Joel Gemunder, Patrick Grace, Walter Krebs, Andrea Lindell, Thomas Rice, Donald Saunders, George Walsh III, Frank Wood and Thomas Hutton, together with the Company as nominal defendant. Plaintiff alleges that, between February 2010 and the present, the individual defendants breached their fiduciary duties as officers and directors of Chemed by, among other things, (a) allegedly causing VITAS to submit improper and ineligible claims to Medicaie; and (b) allegedly misrepresenting the state of Chemed's internal controls. The suit alleges claims for breach of fiduciary duty, abuse of control and gross mismanagement against the individual defendants. The complaint also alleges unjust enrichment and insider trading against Messrs. McNamara, Williams and O'Toole. Plaintiff seeks (a) a declaration that the individual defendants breached their fiduciary duties to the Company; (b) an order requiring the Set of pay compensatory damages, restitution and exemplary damages, in unspecified amounts, to the Company; (c) an order directing the Company to implement new policies and procedures; and (d) costs and disbursements incurred in bringing the action, including attorneys' fees.

On January 29, 2014 defendants in *North* filed a motion to transfer that case to Delaware under 28 U.S.C § 1404(a). On February 12, 2014, defendants in *KBC* filed a motion to dismiss that case pursuant to Federal Rules of Civil Procedure 23.1 and 12(b)(6). On September 19, 2014, the Ohio court granted defendants' motion to transfer *North* to Delaware. Following that decision and in light of that transfer, on September 29, 2014, the Delaware court denied without prejudice defendants' motion to dismiss *KBC*, and referred both cases to Magistrate Judge Burke.

On October 15, 2014, Plaintiff KBC filed a motion to consolidate *KBC* with *North*. On February 2, 2015 the court granted the motion for consolidation in full, appointing Plaintiff KBC the sole lead plaintiff and its counsel, the sole lead and liaison counsel. The court ordered that both cases will proceed under the caption *In re Chemed Corp. Shareholder and Derivative Litigation*, No. 13 Civ. 1854 (LPS) (CJB) (D. Del.). Plaintiff KBC has designated its pending complaint as the operative complaint in the consolidated proceedings. Defendants have renewed their motion to dismiss the claims and allegations.

The Company intends to defend vigorously against the allegations in each of the above lawsuits. Regardless of the outcome of any of the preceding matters, responding to the subpoenas and dealing with the various regulatory agencies and opposing parties can adversely affect us through defense costs, potential payments, diversion of management time, and related publicity. Although the Company intends to defend them vigorously, there can be no assurance that those suits will not have a material adverse effect on the Company.

11. Concentration of Risk

VITAS has pharmacy services agreements ("Agreements") with Omnicare, Inc. and its subsidiaries ("OCR") whereby OCR provides specified pharmacy services for VITAS and its hospice patients in geographical areas served by both VITAS and OCR. The Agreements renew automatically for three-year terms. Either party may cancel the Agreements at the end of any term by giving 30 days prior written notice. VITAS made purchases from OCR of \$9.5 million and \$8.8 million for the three months ended June 30, 2015 and 2014, respectively. VITAS made purchases from OCR of \$18.7 million for the six months ended June 30, 2015 and 2014, respectively. For the three and six month periods ending June 30, 2015 and 2014, respectively, purchases from this vendor exceed 90% of all pharmacy services used by VITAS.

12. Cash Overdrafts and Cash Equivalents

Included in accounts payable at June 30, 2015 is cash overdrafts payable of \$3.7 million (December 31, 2014 - \$10.5 million).

From time to time throughout the year, we invest excess cash in money market funds with major commercial banks. We closely monitor the creditworthiness of the institutions with which we invest our overnight funds. We had \$66,000 in cash equivalents as of June 30, 2015. There was \$80,000 in cash equivalents as of December 31, 2014. The weighted average rate of return for our cash equivalents was 0.08% at June 30, 2015 and 0.06% at December 31, 2014.

13. Financial Instruments

FASB's authoritative guidance on fair value measurements defines a hierarchy which prioritizes the inputs in fair value measurements. Level 1 measurements are measurements using quoted prices in active markets for identical assets or liabilities. Level 2 measurements use significant other observable inputs. Level 3 measurements are measurements using significant unobservable inputs which require a company to develop its own assumptions. In recording the fair value of assets and liabilities, companies must use the most reliable measurement available.

The following shows the carrying value, fair value and the hierarchy for our financial instruments as of June 30, 2015 (in thousands):

			Fair Value Meas	ure
	Carrying	Quoted Prices in Active Markets for Identical Assets	Significant Other Observable Inputs (Level	Significant Unobservable
	Value	(Level 1)	2)	Inputs (Level 3)
Mutual fund investments of deferred compensation plans held in trust	\$ 51,940	\$ 51,940	+	\$ -
Long-term debt	160,000	-	160,000	-

For the mutual fund investments carrying value is fair value. All outstanding long-term debt is at a floating interest rate tied to LIBOR. Therefore, the carrying amount is a reasonable estimation of fair value.

The following shows the carrying value, fair value and the hierarchy for our financial instruments as of December 31, 2014 (in thousands):

		_	Fair Value Meas	ure
		Quoted Prices in Active Markets for	Significant Other	
	Carrying	Identical Assets	Observable Inputs (Level	Significant Unobservable
Mutual fund investments of deferred	Value	(Level 1)	2)	Inputs (Level 3)
compensation plans held in trust Long-term debt	\$ 49,147 147,500	\$ 49,147	\$ - 147,500	\$ -

For cash and cash equivalents, accounts receivable and accounts payable, the carrying amount is a reasonable estimate of fair value because of the liquidity and short-term nature of these instruments.

14. Capital Stock Repurchase Plan Transactions

We repurchased the following capital stock for the three and six months ended June 30, 2015 and 2014:

	Three months ended June 30,			Six months ended June 30,				
	2015		2014		2015		2014	
Shares repurchased Weighted average price per share	\$	250,000 119.05	\$	300,000 85.04	\$	250,000 119.05	\$	682,934 85.65

In March 2015, the Board of Directors authorized an additional \$100 million for stock repurchase under Chemed's existing share repurchase program. We currently have \$82.0 million of authorization remaining under this share repurchase plan.

15. Recent Accounting Statements

In May 2014, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update "ASU No. 2014-09 – Revenue from Contracts with Customers" which provides additional guidance to clarify the principles for recognizing revenue. The standard will also be used to develop a common revenue standard for removing inconsistencies and weaknesses, improve comparability, provide more useful information to users through improved disclosure requirements, and simplify the preparation of financial statements. The guidance is effective for fiscal years beginning after December 15, 2017. We are currently evaluating the impact of this ASU on our existing revenue recognition policies and disclosures.

In August 2014, the FASB issued Accounting Standards Update No. 2014-15, "ASU No. 2014-15 - Presentation of Financial Statements-Going Concern". ASU 2014-15 is intended to define management's responsibility to evaluate whether there is substantial doubt about an organization's ability to continue as a going concern and to provide related footnote disclosures. This guidance is effective for us for the annual period ending December 31, 2016 and interim periods thereafter. We do not expect the adoption of this standard to have a material impact on our consolidated financial position, results of operations or cash flows.

In April 2015, the FASB issued Accounting Standards Update No. 2015-03, "ASU No. 2015-03 – Interest – Imputation of Interest (Subtopic 835-30): Simplifying the Presentation of Debt Issuance Costs". ASU 2015-03 is intended to simplify the presentation of debt issuance costs. Under the new guidance, debt issuance costs will be presented as a direct deduction from the carrying value of the associated debt, consistent with the existing presentation of a debt discount. This guidance is effective for us for the annual period beginning after December 15, 2015. We do not expect the adoption of this standard to have a material impact on our consolidated financial position, results of operations or cash flows.

16. Business Combinations

In the first six months of 2015, we completed two business combinations within our Roto-Rooter segment for \$6.6 million in cash to increase our market penetration in Omaha, Nebraska and Scranton, Pennsylvania. A substantial portion of this aggregate purchase price was allocated to goodwill. The operating results of these business combinations have been included in our results of operations since the acquisition date and are not material for the three and six-month periods ended June 30, 2015 nor for the comparable prior year periods.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Executive Summary

We operate through our two wholly-owned subsidiaries, VITAS Healthcare Corporation and Roto-Rooter Group, Inc. VITAS focuses on hospice care that helps make terminally ill patients' final days as comfortable as possible. Through its teams of doctors, nurses, home health aides, social workers, clergy and volunteers, VITAS provides direct medical services to patients, as well as spiritual and emotional counseling to both patients and their families. Roto-Rooter's services are focused on providing plumbing, drain cleaning and other related services to both residential and commercial customers. Through its network of company-owned branches, independent contractors and franchisees, Roto-Rooter offers plumbing and drain cleaning service to over 90% of the U.S. population.

The following is a summary of the key operating results (in thousands except per share amounts):

	Three months ended June 30,					Six months ended June 30,			
	2015			2014		2015		2014	
Service revenues and sales	\$	381,921	\$	360,182	\$	758,573	\$	718,482	
Net income	\$	26,975	\$	24,363	\$	51,512	\$	44,937	
Diluted EPS	\$	1.55	\$	1.36	\$	2.96	\$	2.48	
Adjusted net income	\$	29,716	\$	26,580	\$	56,547	\$	50,293	
Adjusted diluted EPS	\$	1.71	\$	1.50	\$	3.25	\$	2.81	
Adjusted EBITDA	\$	57,689	\$	52,213	\$	110,538	\$	99,885	
Adjusted EBITDA as a % of revenue		15.1%)	14.5%	Ď	14.6%	, D	13.9%	

Adjusted net income, adjusted diluted EPS, earnings before interest, taxes and depreciation and amortization ("EBITDA") and Adjusted EBITDA are not measures derived in accordance with GAAP. We provide non-GAAP measures to help readers evaluate our operating results, compare our operating performance with that of similar companies that have different capital structures and help evaluate our ability to meet future debt service, capital expenditure and working capital requirements. Our non-GAAP measures should not be considered in isolation or as a substitute for comparable measures presented in accordance with GAAP. A reconciliation of our non-GAAP measures are presented on pages 28-30.

For the three months ended June 30, 2015, the increase in consolidated service revenues and sales was driven by a 9.7% increase at Roto-Rooter and a 4.7% increase at VITAS. The increase in service revenues at Roto-Rooter was driven primarily by an increase in the water restoration business line as well as an increase in plumbing revenue. Water restoration is the remediation or removal of water and humidity after a flood. The increase in service revenues at VITAS was a result of Medicare reimbursement rates increasing 1.4%, a 5.1% increase in days of care, offset by geographical and level of care mix shift. Consolidated net income increased 10.7% due to higher revenues at both VITAS and Roto-Rooter combined with leveraging our current infrastructure resulting in operating costs growing at a slower rate than revenue. Diluted EPS increased 14.0% as a result of the increase in net income as well as a lower number of shares outstanding. Adjusted EBITDA as a percent of revenue increased 0.6%. See page 31 for additional VITAS operating metrics.

For the six months ended June 30, 2015, the increase in consolidated service revenues and sales was driven by a 9.5% increase at Roto-Rooter and a 4.1% increase at VITAS. The increase in service revenues at Roto-Rooter was driven primarily by an increase in the water restoration business line as well as an increase in plumbing revenue. The increase in service revenues at VITAS was a result of Medicare reimbursement rates increasing 1.4%, a 4.3% increase in days of care offset by level of care and geographical mix shift. Consolidated net income increased 14.6% due to higher revenues at both VITAS and Roto-Rooter combined with leveraging our current infrastructure resulting in operating costs growing at a slower rate than revenue. Diluted EPS increased 19.4% as a result of the increase in net income as well as a lower number of shares outstanding. Adjusted EBITDA as a percent of revenue increased 0.7%. See page 31 for additional VITAS operating metrics.

VITAS expects its full-year 2015 revenue growth, prior to Medicare cap, to be in the range of 4.0% to 5.0%. Admissions in 2015 are estimated to increase 4.0% to 5.0%. Adjusted EBITDA margin, prior to Medicare cap, is estimated to be 14.0% to 15.0%. Medicare cap billing limitations are estimated to be \$2.8 million in 2015. Roto-Rooter expects full-year 2015 revenue growth of 5.0% to 6.0%. The revenue estimate is a result of continued expansion in water restoration services and increased job pricing of approximately 1.0%. Adjusted EBITDA margin for 2015 is estimated in the range of 19.5% to 20.0%. We anticipate that our operating income and cash flows will be sufficient to operate our businesses and meet any commitments for the foreseeable future.

<u>Financial Condition</u> <u>Liquidity and Capital Resources</u>

Material changes in the balance sheet accounts from December 31, 2014 to June 30, 2015 include the following:

- An \$18.6 million increase in cash due to cash generated by operations and an increase in borrowings on our revolving line of credit partially
 offset by treasury stock purchases, capital expenditures and cash dividends.
- A \$5.5 million decrease in accounts in accounts receivable. See additional discussion below.
- A \$5.8 million increase in goodwill due to two acquisitions at Roto-Rooter.
- A \$7.5 million decrease in accounts payable due to timing of payments.
- A \$5.8 million decrease in income taxes due to timing of payments.

Net cash provided by operating activities increased \$24.5 million primarily as a result of higher net income, payment of litigation settlements in 2014 that did not recur in 2015 and the timing of other disbursements. Management continually evaluates cash utilization alternatives, including share repurchase, debt repurchase, acquisitions and increased dividends to determine the most beneficial use of available capital resources.

We have issued \$36.6 million in standby letters of credit as of June 30, 2015, for insurance purposes. Issued letters of credit reduce our available credit under the revolving credit agreement. As of June 30, 2015, we have approximately \$248.4 million of unused lines of credit available and eligible to be drawn down under our revolving credit facility. Management believes its liquidity and sources of capital are satisfactory for the Company's needs in the foreseeable future.

Significant changes in our accounts receivable balances are driven mainly by the timing of payments received from the Federal government at our VITAS subsidiary. We typically receive a payment in excess of \$35.0 million from the Federal government from hospice services every other Friday. The timing of period end will have a significant impact on the accounts receivable at VITAS. These changes generally normalize over a two year period, as cash flow variations in one year are offset in the following year.

Commitments and Contingencies

Collectively, the terms of our credit agreements require us to meet various financial covenants, to be tested quarterly. We are in compliance with all financial and other debt covenants as of June 30, 2015 and anticipate remaining in compliance throughout 2015.

The VITAS segment of the Company's business operates in a heavily-regulated industry. As a result, the Company is subjected to inquiries and investigations by various government agencies, as well as to lawsuits, including *qui tam* actions. The following sections describe the various ongoing material lawsuits and investigations of which the Company is currently aware. It is not possible at this time for us to estimate either the timing or outcome of any of those matters, or whether any potential loss, or range of potential losses, is probable or estimable.

In June 2011, the U.S. Attorney provided the Company with a partially unsealed *qui tam* complaint filed under seal in the U.S. District Court for the Western District of Texas, *United States, et al. ex rel. Urick v. VITAS HME Solutions, Inc. et al.*, 5:08-cv-0663 ("*Urick*"). The U.S. Attorney filed a notice in May 2012 stating that it had decided not to intervene in the case at that time but indicating that it continues to investigate the allegations. In June 2012, the complaint was unsealed. The complaint asserts violations of the federal False Claims Act and the Texas Medicaid Fraud Prevention Act based on allegations of a conspiracy to submit to Medicare and Medicaid false claims involving hospice services for ineligible patients, unnecessary medical supplies, failing to satisfy certain prerequisites for payment, and altering patient records, including backdating patient revocations. The suit was brought by Barbara Urick, a then registered nurse in VITAS's San Antonio program, against VITAS, certain of its affiliates, and several former VITAS employees, including physicians Justo Cisneros and Antonio Cavasos and nurses Sally Schwenk, Diane Anest, and Edith Reed. In September 2012 and July 2013, the plaintiff dismissed all claims against the individual defendants. The complaint was served on the VITAS entities on April 12, 2013.

Also in June 2011, the U.S. Attorney provided the Company with a partially unsealed *qui tam* complaint filed under seal in the U.S. District Court for the Northern District of Illinois, *United States, et al. ex rel. Spottiswood v. Chemed Corp.*, 1:07-cv-4566 ("*Spottiswood*"). In April 2012, the complaint was unsealed. The U.S. Attorney and Attorney General for the State of Illinois filed notices in April and May 2012, respectively, stating that they had decided not to intervene in the case at that time but indicating that they continue to investigate the allegations. Plaintiff filed an amended complaint in November 2012. The complaint asserts violations of the federal False Claims Act and the Illinois Whistleblower Reward and Protection Act based on allegations that VITAS fraudulently billed Medicare and Medicaid for providing unwarranted continuous care services. The suit was brought by Laura Spottiswood, a former part-time pool registered nurse at VITAS, against Chemed, VITAS, and a VITAS affiliate. The complaint was served on the defendants on April 12, 2013. On May 29 and June 4, 2013, respectively, the Court granted the government's motion to partially intervene in *Spottiswood* and in *Urick* on the allegations that VITAS submitted or caused to be submitted false or fraudulent claims for continuous care and routine home care on behalf of certain ineligible Medicare beneficiaries. The Court also transferred them to the U.S. District Court for the Western District of Missouri under docket Nos. 4:13-cv-505 and 4:13-cv-563, respectively.

On May 2, 2013, the government filed a False Claims Act complaint against the Company and certain of its hospice-related subsidiaries in the U.S. District Court for the Western District of Missouri, *United States v. VITAS Hospice Services, LLC, et al.*, No. 4:13-cv-00449-BCW (the "2013 Action"). Prior to that date, the Company received various subpoenas from the U.S. Department of Justice and OIG that have been previously disclosed. The 2013 Action alleges that, since at least 2002, VITAS, and since 2004, the Company, submitted or caused the submission of false claims to the Medicare program by (a) billing Medicare for continuous home care services when the patients were not eligible, the services were not provided, or the medical care was inappropriate, and (b) billing Medicare for patients who were not eligible for the Medicare hospice benefit because they did not have a life expectancy of six months or less if their illnesses ran their normal course. This complaint in the 2013 Action. The First Amended Complaint changed and supplemented some of the allegations, but did not otherwise expand the causes of action or the nature of the relief sought against VITAS. The defendants filed a motion to dismiss on September 24, 2013. The Court denied the motion, except to the extent that claims were filed before July 24, 2002, on September 30, 2014.

On May 6, 2013, the U.S. District Court for the Western District of Missouri, at the request of the government, unsealed a *qui tam* complaint against VITAS and VITAS Healthcare Corporation of California, *United States ex rel. Charles Gonzales v. VITAS Healthcare Corporation, et al.*, CV 12-0761-R ("*Gonzales*"). The case was transferred from the Central District of California to the Western District of Missouri under docket No. 4:13-cv-344. The government partially intervened in *Gonzales*. The *Gonzales* complaint alleges that VITAS' Los Angeles program falsely certified and recertified patients as eligible for the Medicare Hospice Benefit. It alleges violations of the False Claims Act and seeks treble damages, civil penalties, recovery of costs, attorneys' fees and expenses, and pre- and post-judgment interest.

On September 25, 2013, the Court granted a joint motion by the government, the relators, and VITAS to consolidate the *Spottiswood*, *Urick*, and *Gonzales* complaints with the 2013 Action. As a result, the First Amended Complaint will govern the consolidated federal claims brought by the United States and the relators for all purposes. The relators and VITAS have stipulated that certain non-intervened claims will not be pursued by the relators. The Spottiswood relator filed an action under the Illinois False Claims Act, *The State of Illinois ex rel. Laura Spottiswood v. Chemed Corporation*, et al., No. 14 L 2786 in the Circuit Court of Cook County, Illinois on March 6, 2014. The Court granted the parties' joint motion to place this case on its stay calendar, pending resolution of the 2013 Action.

VITAS has also received document subpoenas in related state matters. In February 2010, VITAS received a civil investigative demand ("CID") from the Texas Attorney General seeking documents from January 1, 2002 through the date of the CID, and interrogatory responses in connection with an investigation of possible fraudulent submission of Medicaid claims for non-qualifying patients and fraudulent shifting of costs from VITAS to the State of Texas and the United States. The CID requested similar information sought by prior Department of Justice subpoenas, including policy and procedure manuals and information concerning Medicare and Medicaid billing, patient statistics and sales and marketing practices, together with information concerning record-keeping and retention practices, and medical records concerning 117 patients. In September 2010, VITAS received a third CID from the Texas Attorney General seeking additional documents concerning business plans and results, revocation forms for certain patients, and electronic documents of 10 current and former employees. In July 2012, VITAS received an investigative subpoena from the Florida Attorney General seeking documents previously produced in the course of prior government investigations as well as, for the period January 1, 2007 through the date of production, billing records and procedures; information concerning business results, plans, and strategies; documents concerning patient eligibility for hospice care; and certain information concerning employees and their compensation.

The costs incurred related to U.S. v. Vitas and related regulatory matters were \$1.4 million and \$410,000 for the quarters ended June 30, 2015 and 2014, respectively. For the six months ended June 30, 2015 and 2014, the net costs were \$2.7 million and \$1.2 million, respectively.

In November 2013, two shareholder derivative lawsuits were filed against the Company's current and former directors, as well as certain of its officers, both of which are covered by the Company's commercial insurance. On November 6, 2013, KBC Asset Management NV filed suit in the United States District Court for the District of Delaware, *KBC Asset Management NV, derivatively on behalf of Chemed Corp. v. McNamara, et al.*, No. 13 Civ. 1854 (LPS) (D. Del.). It sued Kevin McNamara, Joel Gemunder, Patrick Grace, Thomas Hutton, Walter Krebs, Andrea Lindell, Thomas Rice, Donald Saunders, Arthur Tucker, Jr., George Walsh III, Frank Wood, Timothy O'Toole, David Williams and Ernest Mrozek, together with the Company as nominal defendant. Plaintiff alleges that since at least 2004, Chemed, through VITAS, has submitted or caused the submission of false claims to Medicare. The suit alleges a claim for breach of fiduciary duty against the individual defendants, and seeks (a) a declaration that the individual defendants breached their fiduciary duties to the Company; (b) an order requiring those defendants to pay compensatory damages, restitution and exemplary damages, in unspecified amounts, to the Company; (c) an order directing the Company to implement new policies and procedures; and (d) costs and disbursements incurred in bringing the action, including attorneys' fees.

On November 14, 2013, Mildred A. North filed suit in the United States District Court for the Southern District of Ohio, *North, derivatively on behalf of Chemed Corp. v. Kevin McNamara, el al.*, No. 13 Civ. 833 (MDB) (S.D. Ohio). She sued Kevin McNamara, David Williams, Timothy O'Toole, Joel Gemunder, Patrick Grace, Walter Krebs, Andrea Lindell, Thomas Rice, Donald Saunders, George Walsh III, Frank Wood and Thomas Hutton, together with the Company as nominal defendant. Plaintiff alleges that, between February 2010 and the present, the individual defendants breached their fiduciary duties as officers and directors of Chemed by, among other things, (a) allegedly causing VITAS to submit improper and ineligible claims to Medicare and Medicaid; and (b) allegedly misrepresenting the state of Chemed's internal controls. The suit alleges claims for breach of fiduciary duty, abuse of control and gross mismanagement against the individual defendants. The complaint also alleges unjust enrichment and insider trading against Messrs. McNamara, Williams and O'Toole. Plaintiff seeks (a) a declaration that the individual defendants breached their fiduciary duties to the Company; (b) an order requiring those defendants to pay compensatory damages, restitution and exemplary damages, in unspecified amounts, to the Company; (c) an order directing the Company to implement new policies and procedures; and (d) costs and disbursements incurred in bringing the action, including attomys' fees.

On January 29, 2014 defendants in *North* filed a motion to transfer that case to Delaware under 28 U.S.C § 1404(a). On February 12, 2014, defendants in *KBC* filed a motion to dismiss that case pursuant to Federal Rules of Civil Procedure 23.1 and 12(b)(6). On September 19, 2014, the Ohio court granted defendants' motion to transfer *North* to Delaware. Following that decision and in light of that transfer, on September 29, 2014, the Delaware court denied without prejudice defendants' motion to dismiss *KBC*, and referred both cases to Magistrate Judge Burke.

On October 15, 2014, Plaintiff KBC filed a motion to consolidate *KBC* with *North*. On February 2, 2015 the court granted the motion for consolidation in full, appointing Plaintiff KBC the sole lead plaintiff and its counsel, the sole lead and liaison counsel. The court ordered that both cases will proceed under the caption *In re Chemed Corp. Shareholder and Derivative Litigation*, No. 13 Civ. 1854 (LPS) (CJB) (D. Del.). Plaintiff KBC has designated its pending complaint as the operative complaint in the consolidated proceedings. Defendants have renewed their motion to dismiss the claims and allegations.

The Company intends to defend vigorously against the allegations in each of the above lawsuits. Regardless of the outcome of any of the preceding matters, responding to the subpoenas and dealing with the various regulatory agencies and opposing parties can adversely affect us through defense costs, potential payments, diversion of management time, and related publicity. Although the Company intends to defend them vigorously, there can be no assurance that those suits will not have a material adverse effect on the Company.

Results of Operations

Three months ended June 30, 2015 versus 2014 - Consolidated Results

Our service revenues and sales for the second quarter of 2015 increased 6.0% versus services and sales revenues for the second quarter of 2014. Of this increase, \$12.4 million was attributable to VITAS and a \$9.3 million increase was attributable to Roto-Rooter. The following chart shows the components of those changes (in thousands):

	(131) (534)			
	 Amount	Percent		
VITAS				
Routine homecare	\$ 12,956	6.5

The increase in VITAS' revenues for the second quarter of 2015 versus the second quarter of 2014 was a combination of Medicare reimbursement rates increasing approximately 1.4% and a 5.1% increase in days of care offset by level of care and geographical mix shift.

Days of care during the quarter ended June 30 were as follows:

		Days of Care	
	2015	2014	Percent
Routine homecare	1,300,479	1,231,741	5.6
Continuous care	51,250	51,647	(0.8)
General inpatient	39,006	39,430	(1.1)
Total days of care	1,390,735	1,322,818	5.1

Over 90% of VITAS' service revenues for the period were from Medicare and Medicaid.

The increase in plumbing revenues for the second quarter of 2015 versus 2014 is attributable to a 5.1% increase in job count and a 3.1% increase in a combination of price and service mix shift. Drain cleaning revenues for the second quarter of 2015 versus 2014 reflect a 4.4% decrease in the number of jobs performed, offset by a 3.6% increase in a combination of price and service mix shift. Water restoration increased 169.3% as a result of continued expansion into other Roto-Rooter locations. Contractor operations increased 3.7% and Other Roto-Rooter revenue decreased 0.5%.

The consolidated gross margin was 29.1% in the second quarter of 2015 as compared with 28.6% in the second quarter of 2014. On a segment basis, VITAS' gross margin was 21.9% in the second quarter of 2015, essentially flat when compared to the second quarter of 2014. The Roto-Rooter segment's gross margin was 48.0% for the second quarter of 2015 as compared with 46.8% for the second quarter of 2014. The gross margin increase was mainly the result of favorable health insurance experience during the second quarter of 2015.

VITAS' after-tax earnings were positively impacted in 2015 compared to 2014 by a \$12.4 million increase in revenue. After-tax earnings as a percent of revenue in 2015 were 7.9%, essentially equal to the second quarter of 2014.

Roto-Rooter's after-tax earnings were positively impacted in 2015 compared to 2014 primarily by a \$5.8 million revenue increase in Roto-Rooter's water restoration line of business and a \$3.5 million increase in plumbing revenue. After-tax earnings as a percent of revenue at Roto-Rooter in 2015 were 11.5% as compared to 11.1% in 2014. This increase is largely the result of higher sales and gross profit in 2015, partially offset by higher SG&A expenses. Favorable health insurance experience during the second quarter of 2015 contributed to the higher gross profit.

Safe Harbor Statement under the Private Securities Litigation Reform Act of 1995 Regarding Forward-Looking Information

Certain statements contained in this report are "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. The words "believe", "expect", "hope", "anticipate", "plan" and similar expressions identify forward-looking statements, which speak only as of the date the statement was made. These forward-looking statements are based on current expectations and assumptions and involve various known and unknown risks, uncertainties, contingencies and other factors, which could cause Chemed's actual results to differ from those expressed in such forward-looking statements. Variances in any or all of the risks, uncertainties, contingencies, and other factors from our assumptions could cause actual results to differ materially from these forward-looking statements and trends. In addition, our ability to deal with the unknown outcomes of these events, many of which are beyond our control, may affect the reliability of projections and other financial matters. Investors are cautioned that such forward-looking statements are subject to inherent risk and there are no assurances that the matters contained in such statements will be achieved. Chemed does not undertake and specifically disclaims any obligation to publicly update or revise any forward-looking statements, whether as a result of a new information, future events or otherwise.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

The Company's primary market risk exposure relates to interest rate risk exposure through its variable interest line of credit. At June 30, 2015, the Company had \$160.0 million of variable rate debt outstanding. For each \$10 million dollars borrowed under the credit facility, an increase or decrease of 100 basis points (1% point), increases or decreases the Company's annual interest expense by \$100,000.

The Company continually evaluates this interest rate exposure and periodically weighs the cost versus the benefit of fixing the variable interest rates through a variety of hedging techniques.

Item 4. Controls and Procedures

We carried out an evaluation, under the supervision of our President and Chief Executive Officer and with the participation of the Executive Vice President and Chief Financial Officer and the Vice President and Controller, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, the President and Chief Executive Officer, Executive Vice President and Chief Financial Officer and Vice President and Controller have concluded that our disclosure controls and procedures were effective as of the end of the period covered by this report. There has been no change in our internal control over financial reporting that occurred during the quarter covered by this report that has materially affected, or is reasonably likely to materially affect, our internal control over financial reporting.

PART II. OTHER INFORMATION

Item 1. Legal Proceedings

For information regarding the Company's legal proceedings, see note 10, Legal and Regulatory Matters, under Part I, Item I of this Quarterly Report on Form 10-Q.

Item 1A. Risk Factors

There have been no material changes from the risk factors previously disclosed in the Company's most recent Annual Report on Form 10-K.
